## Class Registration

- Participants can sign up online at the website at <http://www.cdfm.org/register/> prior to the conference.
- A list of workshop participants will be up on the notice board for confirmation of classes.
- Participants who have signed up their classes online will still need to sign the lists on the notice board to confirm their choice of class for each workshop series or sessions.
- It is strongly advisable to stay with the choice made for a workshop series, and not to 'jump' workshops, in order to gain the most benefit from the series sessions.
- Please select your workshops carefully. Class space is often limited and with the large number of delegates anticipated, we ask that you, please, avoid changing selections once your name is on a class list.
- If the workshop is full, you may add your name on a "wait-list" at the bottom of the sign up page, but you can only attend if a vacancy occurs in that class.
- Be prepared and open to God should you be required to choose another workshop if your first choice list is full.
- If you really must change your choice, please strike your name OFF the workshop list as soon as possible.
- If the class has a skill level indication, please check with the instructor or the workshop assistant/s before signing up if you are unsure of your participation at that level.
- Remember jumping/switching classes is not advisable if you wish to gain the most benefit from the facilitations.
- For the benefit of delegates and teachers alike, we wish to avoid overcrowding of classes.
- Record your selections in your conference booklet.
- No observers are allowed in any class, except under extremely special circumstances and with the approval of both the organizers and the workshop facilitator involved.
- Remember, please choose carefully and prayerfully to avoid changing your selections.
- Expect the Best and Be Blessed!
